

Kick off meeting of the BIEE-ROSE Project on Energy Efficiency  
and SDG7 monitoring in Latin America and the Caribbean  
Virtual conference September 22 2020

## Conclusion

# Work programme implementation 2020-2021

Didier Bosseboeuf, ADEME  
Bruno Lapillonne, Enerdata

# Current Participating countries

- **Participating countries in BIEE** : Argentina, Barbados, Bolivia, Brazil, Chili, Costa Rica, Dominican Rep, El Salvador, Ecuador, Guatemala, Guyana, Honduras, Mexico, Nicaragua, Panama, Paraguay, Saint Lucia, Trinidad & Tobago, Uruguay (19 countries).
- **ROSE countries** : Argentina, Bolivia, Colombia, Guyana, Panama, Uruguay (6 countries)

**Others countries are more than welcome**

# Proposed implementation of **OSD7 indicators**: role of technical coordination and national teams

Task	Role of Technical Coordination	Role of National Teams
Revision of BIEE template with OSD7 indicators	Implements OSD7 indicators in BIEE template Prepares the guidelines	Provide the last version of the template if any change since the last project
Data collection	Makes quality check (report) Hot line for Q&A	Prepare and collect the data until 2018 in the BIEE template
Datamappers update	Implements new indicators in the datamapper and updates the datamapper	
Reporting & dissemination	Prepares report on the monitoring of OSD7 indicators Disseminates the datamapper	Review the report  Organize a national dissemination seminar (voluntary basis)

# Proposed implementation of **OSD7 policy data base**: role of technical coordination and national teams

Task	Role of Technical Coordination	Role of National Teams
OSD7 policy data base development	Develop the data base with specificities of LACs	Comments on the data base design & classification
Implementation of data base	ADEME/Enerdata makes a training and prepares guidelines	Participate to the training webinar
Data collection	Provides access to NT Makes quality check Hot line for Q&A	Parametrize and describes on line each policy in the data base format
Reporting & dissemination	Prepares report on EE policy implementation in LACs Disseminates the tool	Review the report Organize a national dissemination seminar (voluntary basis)

# Work plan 2020-2021

		2020				2021											
		Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	July	Aug	Sept	Oct	Nov	Dec
		M1	M2	M3	M4	M5	M6	M7	M8	M9	M10	M11	M12	M13	M14	M15	M16
OSD7 indicators	Update of BIEE template (including new OSD7 indicators)	Work in progress															
	Data collection by national teams	Work in progress	Work in progress	Work in progress	Deliverable								Work in progress	Work in progress	Work in progress	Work in progress	Deliverable
	Report on data quality by Enerdata		Work in progress	Deliverable											Work in progress	Deliverable	
	Updating of the datamapper		Work in progress	Work in progress	Work in progress	Deliverable								Work in progress	Work in progress	Work in progress	Deliverable
	Report on the monitoring of OSD7 goal in LACs														Work in progress	Deliverable	
OSD7 policy database	Development of database	Work in progress	Deliverable														
	User guide of the database	Work in progress	Deliverable														
	Data collection by national teams		Work in progress	Work in progress	Work in progress	Deliverable					Work in progress	Work in progress	Work in progress	Work in progress	Work in progress	Work in progress	Deliverable
	Development of 2 facilities: successful measures & policy mapper									Work in progress	Work in progress	Work in progress	Work in progress	Work in progress	Work in progress	Deliverable	
	Report on EE policy implementation in LACs														Work in progress	Work in progress	Deliverable
