Applied research

Institutional development

Innovation Highlights:

UN SDG:Learn, StaTact and LEiP

UN SDG:Learn

Partnership **Platform** **Programme**

Gateway for learning solutions for organizations and individuals:

Government decision-makers

Academia and CSOs

Private sector

UN staff

Citizens

1

UNITAR – UNSD **short-term action-planning tool** for NSOs and NSSs to strengthen data use in SDG policies already used in 28 countries

2

UNITAR-Millennium Institute **game for policy-makers** based on iSDG model

3

Stakeholder Highlights:
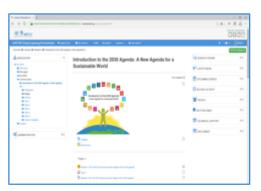

E-learning courses

E-learning courses

UNITAR – UNDESA e-course:
Stakeholder engagement

MOOC: Introduction to 2030 Agenda

Microlearning

Face-to-face courses

E-tutorial: Mainstreaming 2030 Agenda

Integrated Policies Highlights:

Policy cycle, integrated approaches and SDGs

Toolkit: Policy Cycle, Integrated Approaches and the SDGs

Inclusive and transformative leadership for "whole of government" and "whole of society" approaches

Policy integration and coherence

Policy approaches and design to ensure no one is left behind

Stakeholder engagement for the 2030 Agenda

Governance and institutions in support of the SDGs

National planning and coherent mainstreaming of the 2030 Agenda and other global and regional commitments

Resource mobilization and SDG-aligned budgeting

Reviews, monitoring & evaluation and reporting

Global-level reviews of progress on the SDGs

The role of local authorities in implementing the SDGs

"

This new series of learning toolkits being developed by UNITAR aims to support more harmonized approaches towards incorporating the SDGs across the national policy cycle: from integrated planning to aligned budgeting frameworks and M&E systems, reviews and reporting. They also highlight knowledge products from across the UN family and other partners.

"

Core sustainability competences for policy-makers

Systems thinking	Anticipatory	Normative	Strategic	Interpersonal
Ability to collectively analize complex systems across different domains and different scales	**Ability to collectively analize, evaluate and craft rich "pictures" of the future**	**Ability to collectively map, specify, apply, reconcile, and negotiate sustainability values, principles, goals**	**Ability to collectively design and implement interventions, transitions, and transformative governance strategies**	**Ability to motivate, enable and facilitate collaborative and participatory approaches**
Ability to: Undertake integrated policy analysis, and Undertake integrated planning and decision-making	Ability to: Anticipate changes, Envision future, Provide a forward-looking orientation, Plan based on evidence and good understanding of statistical data and evaluation results Build in resilience	Ability to: Mainstream equity-focused approaches across policies, budgeting, monitoring and evaluation Interpret evidence through equity lens Apply human rights-based approach	Ability to: Apply results-based approaches to work Promote effectiveness Ensure efficiency Interpret data Take decisions based on evidence Ensure timely course corrections	Ability to: Inspire change in mindsets Promote inclusive decision-making and review of progress Foster transparency Promote internal and external collaborations Leverage partnerships

What is a toolkit?

Integrated policies workshops

Strengthening stakeholder engagement

Applying systems thinking

Promoting integrated policies in planning, budgeting and M&E

Supporting individual action planning

Enable participants transmit these competences

Data Highlights:

Programme to strengthen statistical capacities of SIDS in Asia-Pacific
